

Business Trip Report

Name: David Bodesheim
Destination: Chicago
Event: APS March Meeting 2022
Departure: 13.03.2022 Return: 22.03.2022

Contents (in detail!):

During this business trip, the March Meeting 2022 of the American Physical Society (APS) was attended.

During the five conference days, lectures and talks from the areas of solid state physics, computational materials science and data-science were attended.

Furthermore, networking sessions were used to gain valuable contacts in academia.

On the second day of the conference, a presentation was given in the session "Computational Design and Discovery of Novel Materials III" (see attached abstract).

- ☒ The abstract of my talk / poster is attached
☐ The abstract had been sent to web.nano@tu-dresden.de and is already online.
