Existing Sensors with Wireless ^{ibio} Communication Capabilities

Properties	Measuring
Physical Properties	Pressure, temperature, humidity, flow
Motion Properties	Position, Velocity, Angular, Acceleration
Contact Properties	Strain, Force, Torque, Slip, Vibration
Presence Properties	Tactile, Contact, Proximity, Distance/Range, motion
F.L.Lewis. In D.J.Cook and S.K.Das, editors of Wireless Sensor Networks in Smart Environments: Technology, Protocols and Applications, Wiley 2004
