Prof. Dr. Gianaurelio Cuniberti  
Technische Universität Dresden  
Faculty of Mechanical Science and Engineering, Institute of Materials Science

~~TAC - Report for Kick-Off Meeting (2<sup>nd</sup> month)~~

already started  
1.5 year ago!

- Discuss the Ph.D. task, scope, impact, feasibility and associated risk of the project and set up the Ph.D. task definition
- The TAC members should be nominated and the TAC agreement should be signed.

Date: 10.02.2022

## TAC Statements

### 1. Gained experiences/learnings/establishments

What are the student's experiences with other scientific cultures and other countries?  
What has the student learned during the stay abroad/at other universities?  
Which collaborations established during these stays are still active today?

Enroll in GA

### 2. Scientific qualifications/skills

Which scientific qualifications/skills should be acquired?

→ sci-writing (GA)

### 3. Examination for students without Engineering degree

Every student without an Engineering degree needs to absolve two additional courses within the Faculty of Mechanical Science and Engineering to proof the engineering knowledge (see Promotion-sordnung §9, between 10 and 20 credit points in total).

Additional course I: Nanostructured Materials (G.E.)

Additional course II: Biological Networks (Yael Politi)

☒ TAC agreement filled and signed.
