

Faculty of Mechanical Science and Engineering / Institute of Materials Science / Chair of Materials Science and Nanotechnology

#### Ph.D Booklet

PhD candidate:	Supervisor:
Host Institution:	Co-Supervisor:
Starting date at the Chair:	

#### Ph.D. procedure at the Chair of Materials Science and Nanotechnology

During the Ph.D. studies at the Chair of Materials Science and Nanotechnology, the student shall be supported and guided by the Thesis Advisory Committee (TAC). The purpose of the Thesis Advisory Committee is to improve the quality of research and to advice the Ph.D. student throughout her/his scientific career. All interactions between the TAC and the Ph.D. student are strictly confidential. The TAC schedule is binding for you at the Chair of Materials Science and Nanotechnology. TAC consists of the Supervisor, co-Supervisor and further member(s)

#### Scheduling and documentation of TAC meetings

- Please arrange the appointment for each meeting in advance with the office of Prof. Cuniberti
- The student has to bring the TAC report booklet to the occurring TAC meeting.
- Your pptx for the oral scientific presentation (15min) should be submitted to the TAC members for review 3-4 working days before the meeting.
- During each TAC meeting the committee documents decisions and issues in the TAC report booklet. Later, a copy of the TAC report has to be submitted to the office of Prof. Cuniberti.

#### Ph.D. Schedule

	<b>Application for acceptance as Ph.D. student</b> at the Faculty of Mechanical Science and Engineering (via Promovendus), read the Ph.D. regulations (Promotionsordnung) carefully!
1st month at the Chair	Kick-off Meeting: Presentation of the PhD project (15min) Discuss the Ph.D. task,

scope, impact, feasibility and associated risk of the project, TAC members should be nominated, the Supervision agreement and the confirmation of academic supervision should be signed

1st TAC Meeting: presentation and follow-up on the progress of the project (15min)|Discussion of the research results obtained so far

2nd TAC Meeting: formal oral scientific presentation about your research results over the past year (15min)|discussion of the progress/results and the structure of the

Ph.D. thesis | Decision Rigorosum (anticipated or together with the defence

#### **Replaced Rigorosum**

3rd TAC Meeting: oral scientific presentation about your research results over the past year (15min)|discussion of the progress/results, definition of necessary research steps for completion of Ph.D.|10 Statements discussion|Decision about the Ph.D. committee and the reviewers

Status talk: formal oral scientific presentation in front of Prof. Cuniberti and the Chair (30min talk + discussion) within the nano.seminar | last approval to submit the Thesis

**Application for the opening of the Ph.D. procedure** (via Promovendus)

Defense of your Thesis & (Rigorosum)

2,5 years at the Chair

6 months at the Chair

1,5 years at the Chair

Last year before

submission

2 months before submission

ca 4 months after submission

### **TAC Kick off meeting**

1st month at the Chair | Presentation of the PhD project (15min) | Discuss the Ph.D. task, scope, impact, feasibility and associated risk of the project and set up the Ph.D. task definition | TAC members should be nominated | Supervision agreement & confirmation of academic supervision should be signed.

Date:

Your Thesis Advisory Committee (TAC):	
Ph.D. thesis supervisor	
Day-to-Day supervisor:	
Further (extern) Member(s):	
Ph.D. Topic / Working title:	
Research objective  Ph.D. task definition	ո:
Estimated Ph.D. schedule:	
1st TAC (6 months at the Chair):	
2 <sup>nd</sup> TAC (1,5 years at the Chair):	
3 <sup>rd</sup> TAC (2,5 years at the Chair):	
Status Talk (2 months before submission):	
Submission of the Thesis:	
Filled and signed the supervision agreen	nent (GA Template)
Filled and signed the confirmation of aca	ademic supervision
Checked in at the Chair	
Are there other open organizational issumobility, food, working environment)?	ies? Do you face any practical problems (housing
Signature Ph.D. candidate:	
Signature Ph.D. thesis supervisor/Doktorvater:	
Signature Day-to-Day supervisor.	
Signature further member:	

After signature, please hand in this report to the office of Prof. Cuniberti

# **2<sup>nd</sup> Thesis Advisory Committee Meeting**

1,5 years at the Chair|oral scientific presentation about your research results over the past year (15min)|Discussion of the progress/results and the structure of the Ph.D. thesis|Decision Rigorosum

Date:					
1. Based on the cand	didate's	presentatio	n please evaluat	e the following	areas:
Student's presentation	on:				
15 min on time? Slides clear? Presentation clear?	Yes Yes Yes	No No No	Comments:		
Ph.D Project - Research and Progress e. g. frequency and quality of interaction, relevance of the problem, experimental approach; results and accomplishments from the previous year; new scientific discoveries; goals for the next year/meeting; knowledge of the literature; oral presentation					
Highlights					
Improvements					
Working Style e. g. to work in a systematic and structured way; to be able to set priorities; to develop and apply creative and innovative solutions; to communicate openly, actively and clearly					
Highlights					
Improvements					
Scientific Visibility and Qualifications e. g. publications; conferences; internal nanoSeminar during the semester break					
Highlights					
Improvements					

#### 2. Recommendations for the PhD candidate

#### 3. Open organizational issues

#### Rigorosum / replaced Rigorosum

The Rigorosum is an oral examination of knowledge in the specialist field upon which the dissertation is based (primary subject) and in a related field (secondary subject) (§ 13 Doctorate Regulations). The Rigorosum will take place at the day of your defense or as anticipated Rigorosum (vorgezogenes Rigorosum, but please keep in mind, that examinations taken more than one year before the opening of the Ph.D. procedure can't be considered.)

#### Rigorosum together with defense

#### anticiated Rigorosum

Nanostructured Materials is mandatory as the primary subject at our chair and you have to choose the secondary subject for the Rigorosum. For all rules concerning the Rigorosum examination, please study the doctoral regulations (§ 13 and §14)!

After your decision, you need the formal confirmation of the Ph.D. committee of the Faculty of Mechanical Science and Engineering. You apply for this via Promovendus.

Major course: Nanostructured Materials, Prof. Cu	ıniberti oral	written	
Minor course:	oral	written	
Other issues / Problems?			
Signature Ph.D. candidate:			
Signature Ph.D. thesis supervisor/Doktorvater:			
Signature Day-to-Day supervisor.

#### 2. Recommendations for the PhD candidate

#### 3. Other issues / Problems / What happens after the defense?

# 4. Definition of necessary steps for completion of Ph.D. thesis • Date of the "Statusvortrag" (45min, supervisor must be present) only valid for students enrolled with the new Promotionsordnung 03/2018 Yes • Thesis approved for final submission: No (What have to be done) • 10 statements approved for final submission: Yes No (What have to be done) • Thesis should be submitted latest on: Estimated date of the defense: (earliest possible date: 3 months after submission) 5. Suggestions for the Doctoral Committee Please obtain the commitment of the reviewers and committee members before you submit their names to Promovendus. 1) Chairman doctoral committee: 2) 1st reviewer 3) 2nd reviewer 4) Further member doctoral committee: (= 3rd reviewer if the doctoral candidate published joint publications with the 2nd reviewer in the last three years before the opening of the doctoral procedure.) 5) Further member doctoral committee: (e.g. Rigorosum examiner) Minute Taker, (PhD candidate is responsible for finding a minute taker) Signature Ph.D. candidate: Signature Ph.D. thesis supervisor/Doktorvater: Signature Day-to-Day supervisor. Signature further member:

#### After signature, please hand in this report to the office of Prof. Cuniberti
